REPORT FROM 2007:
Celebrating the United Nations Commitment to Peace on Its 62nd Anniversary
- WEEK OF SPIRITUALITY, VALUES AND GLOBAL CONCERNS

In honor of the anniversary of the United Nations, the Week of Spirituality, Values and Global Concerns has been created to bring about a culture of peace in which we, the peoples of the world, can address together our common challenges in a holistic, positive and transformative way. The Week's activities recognize that spirituality and adherence to universal values, such as those expressed in the United Nations Charter and the Universal Declaration of Human Rights, are key to providing solutions to global concerns.

The Week of Spirituality, Values and Global Concerns is being launched on 22nd-26 October, 2007 at UN headquarters, during the United Nations 62nd anniversary, to inspire and generate collective engagement in an annual worldwide celebration.

Members of the UN community and the public are invited to participate in a series of programs and activities.
